CONSTRUCTION LIMITED

ABOUT US

Who We Are

DGH Construction Ltd are a well established yet, growing main contractor based in Bedford, working in London, Bedfordshire, Hertfordshire and Cambridgeshire.

At DGH we look to work closely with architects, surveyors and our clients. We believe a strong working relationship helps to deliver a high quality project, one that delivers in quality, programme and value.

Sean Moore, Managing Director

Who We Work With

Architects

We work closely with architects to bring designs to life efficiently and practically. Our early involvement ensures plans are buildable, on budget, and delivered on time, so your vision translates smoothly from concept to completion.

Developers

We support developers in turning land or properties into profitable schemes. From feasibility through to delivery, we provide practical construction expertise, commercial insight, and reliable programme management to protect your investment.

Quantity Surveyors

Working with quantity surveyors, we ensure accurate cost planning, budgeting, and risk management throughout the project. This helps clients make informed decisions and keeps schemes financially viable from start to finish.

Landowners

For landowners, we offer a trusted construction partner to unlock the potential of your property. We provide guidance on what's possible, manage the build efficiently, and help maximise the value of your site.

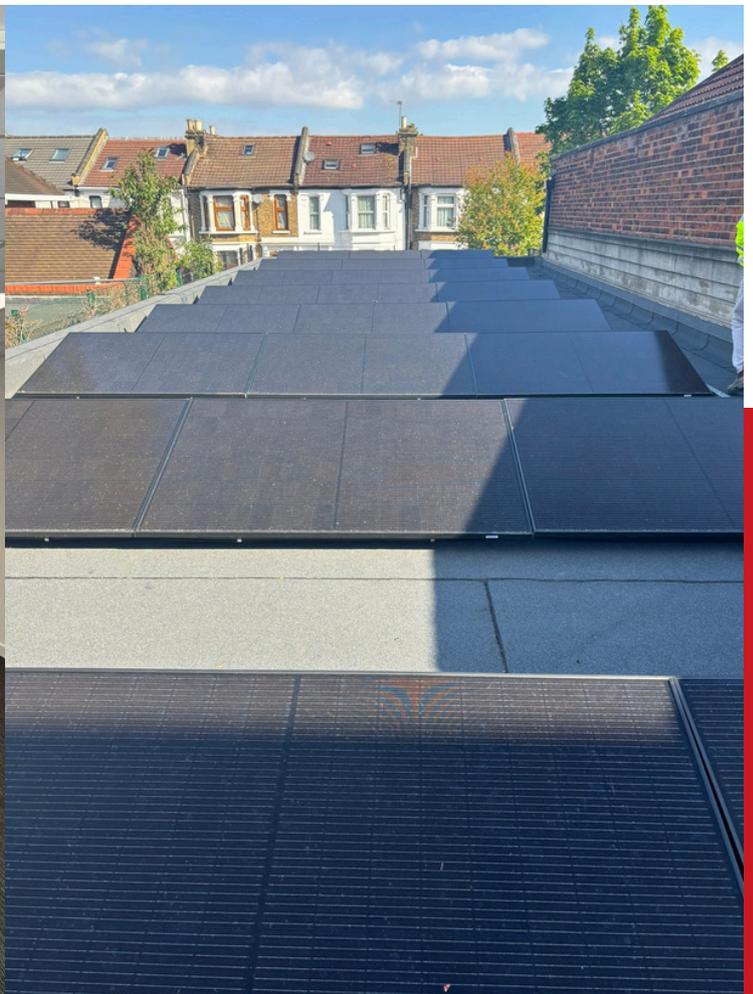

CORE SERVICES

Our core services can be broken down into the following:

- ▶ Classroom Refurbishments
- ▶ Large Extensions
- ▶ Standalone Classroom Extensions
- ▶ New Build Nurseries
- ▶ Toilet Refurbishments
- ▶ Kitchen Refurbishments
- ▶ Renovations
- ▶ Building Restorations
- ▶ Playground Rejuvenations

Our years of experience in a variety of sectors mean a lot of our work can be transferred across sectors.

We also maintain strong relationships with our subcontractors and supply chain, so we can ensure the quality of our work is always to our reputable high standards.

► EDUCATION

We deliver projects in the education sector with a focus on safety, accessibility, and minimal disruption. From refurbishments to new builds, we ensure learning environments are functional, durable, and delivered on time. Projects include: classroom refurbishments, extensions, new builds, toilet & kitchen refurbishments, playground rejuvenation and building restorations.

► RESIDENTIAL

We provide residential construction and development expertise for homes, conversions, and multi-unit schemes. Our approach balances quality, efficiency, and commercial value to maximise outcomes for developers and homeowners alike. Projects include: large extensions, structural additions, renovations, alterations and conversions.

► COMMERCIAL

Our team delivers commercial projects across a variety of sectors, from offices to community buildings and mixed-use schemes. We combine practical construction expertise with programme and cost control to ensure reliable, high-quality outcomes. Projects include: sports club refurbishments, office renovations, interior and exterior church restorations, large extensions and structural additions.

OUR APPROACH

COMMERICAL AWARENESS

By combining practical construction knowledge with a strong understanding of cost, time, and value, we help clients make informed decisions at every stage. Our focus on financial and operational outcomes ensures projects deliver both quality and on budget.

BUILDABILITY FOCUS

By collaborating early with designers and planners, we ensure ideas translate efficiently into practical, deliverable schemes. We identify potential design challenges before they become issues on site, recommend solutions, and ensure every element of the design can be delivered safely and efficiently. This approach keeps projects on track while maintaining the integrity of the original vision.

RELIABILITY

Clear communication, realistic timelines, and proactive problem-solving mean projects run smoothly from start to finish. We prioritise transparency with clients and stakeholders, keeping everyone informed and confident throughout the project. Our commitment to reliability ensures deadlines are met, quality standards are upheld, and surprises are minimised.

“The last few years of school building development has seen us work with various contractors. DGH stand out as one of the best.”

—— *Headteacher, Primary School*

WHY CLIENTS WORK WITH US

Clients work with us because we deliver projects on time, on budget, and to the highest standards. By combining practical expertise with strategic insight, we help every project run smoothly while maximising value and minimising risk.

PROVEN TRACK RECORD

Clients trust us because we consistently deliver projects on time, on budget, and to a high standard.

FLEXIBLE & ADAPTABLE

Every project is unique. We adapt our approach to suit the client, site, and sector, ensuring outcomes meet objectives.

TRANSPARENT & HONEST

Open communication, clear reporting, and integrity in every decision help clients feel confident and informed throughout the project.

COLLABORATIVE APPROACH

We work closely with clients, consultants, and partners to ensure their vision is realised smoothly and efficiently.

PRACTICAL SOLUTIONS

We solve problems proactively, making projects easier to manage and reducing risk for all stakeholders.

VALUE-DRIVEN DELIVERY

We focus on maximising the commercial and operational value of every project, not just completing the build.

HOW WE SUPPORT PROJECTS

We can provide support for projects across all sectors, helping clients turn ideas into successful outcomes. Our approach combines practical construction expertise with commercial insight to add value at every stage, including:

Value Optimisation

Offering recommendations on construction methods, materials, and processes to maximise project outcomes.

Early Project Input

Advising on feasibility, design, and buildability from the outset.

Programme Planning

Developing realistic timelines to ensure projects are delivered efficiently.

Risk Management

Identifying potential challenges early and implementing solutions to minimise delays and cost overruns.

OUR COMMITMENT

We are committed to delivering every project safely, on time, on budget and to the highest standards. Fully insured and compliant with health & safety regulations, we prioritise clear communication, quality workmanship, and practical solutions to ensure our clients' projects are a success.
